HOW TO ASSEMBLE YOUR WARING ELLIPSE™

WARING COMMERCIAL Ellipse™

THE FUTURE OF BLENDING HAS ARRIVED, AND IT'S ABOUT TIME!
Experience the power of top-down blending that propels you beyond the limits of physics. The brand-new Waring Ellipse™ blending solution has been designed to change the way you think of blending with shorter cycles, greater output, and more consistent results.

Designed to take on every blending task with optimal efficiency, the Waring Ellipse™ revolutionizes blending. With a dual-motor system that maximizes speed and power to let you serve more customers in less time, the Waring Ellipse™ blends any product quickly. Don't let ingredients, time, manpower, or equipment limit you any longer! With the Waring Ellipse™, you're now free to go beyond traditional blending, and your customers will thank you!

QUICK START GUIDE

1 Place the Waring Ellipse™ docking station under the ellipse base.

2 Place your Waring Ellipse™ drive on the provided charging station and fully charge before first use.

3 Attach the sound enclosure to the Waring Ellipse™ base.

4 Attach dasher to the lid and place on the jar, then place the fully assembled jar on the Waring Ellipse™ base.

5 Turn the drive on by pressing the auto start button for 3 seconds. Once activated, remove the drive from the charging station and place it on the jar.

6 Close the sound enclosure and select blend program to begin blending.

HOW TO PROGRAM YOUR ELLIPSE BLENDER

1 To enter new program, press both ⬆ and ⬇ buttons simultaneously.

2 Press the program button you wish to set (pick 1–4). In this case, press 1 .
